

Australian Made & Australian Owned

General Purpose Thinner

Production Description

General Purpose Thinner is formulated specially for spray applications. General Purpose Thinner is based on fast-drying various solvent to achieve optimal performance, featuring fast drying and great compatibility with different systems such as alkyd, acrylic, lacquer, polyurethane and epoxy. It can also be used as cleaning solvent for equipment and tools.

Areas of Application

Recommended to be used as thinner or clean-up solvent for 2 pack epoxy and 2 pack polyurethane. Can also be used as thinner for other solvent based products.

Technical Data

| | |
|--------------------------|--|
| Appearance | Low viscosity, colourless clear liquid |
| Specific Gravity | 0.80 |
| Boiling Range | 80-130 °C |
| Thinning Recommendations | Addition of 10-15% may be used, depending on product type and application equipment. |
| Packs available | 1 litre, 4 litre, 20 litre, 60 litre & 200 litre |
